

愿景 VISION

让世界更高效
Making the world more efficient

使命 MISSION

让物流全过程自动化
Achieving the automation of entire logistics process

价值观 VALUE

创造当今世界上没有的产品和方案
Creating products and solutions that are
not in nowadays world

30000+

Libiao Robots operating worldwide

Libiao Robotics is the global pioneer of intelligent sorting robots, and the world's leading supplier of flexible intelligent sorting solutions, creating the world's first portable, modular and automated unit sorting system, and constantly introduce more innovative products for storing, transportation and sorting.

Libiao Robotics is one of the China's robotics enterprises who own a great worldwide reputation, received numerous awards world-widely and also listed on RBR50 innovation award of 2022
